

Carlisle Beekeeper's Association

WE ARE MOVING TO A NEW APIARY SITE!

With so many new and enthusiastic members and our numbers now approaching 100, we have decided to move our Apiary to a new, bigger site.

In March 2020, we hope to move our Apiary to the Laurie Brewis Trust at Heathlands Farm, Harker Road Ends, Carlisle CA6 4HN.

The new Apiary will have use of the facilities at Heathlands, including kitchen, dining space and disabled toilet.

During January and February we will be clearing the site to make way for the hives and brand new storage/seating accommodation.

The association is immensely grateful to the Laurie Brewis Trust for allowing us to relocate to this new site and to have use of their facilities. This will allow us to develop our beekeeping teaching skills and include the opportunity to give members of the wider community an opportunity to find out more about the importance of bees and other pollinating insects on the environment.

For further information, please contact:
